Blessing Okorie-Oruh

Virtual Assistant | Operations | Data & Digital Support

Nigeria | Remote | +234-9155841231 | blessing.okorie.va@gmail.com

PROFESSIONAL SUMMARY

Organized, detail oriented Virtual Assistant supporting remote businesses with the practical work behind the scenes, administration, operations, research, data and customer support. Builds structured systems for inbox and calendar management, task and follow-up tracking, lead generation and CRM pipelines, customer support workflows, data entry and cleaning, reporting, project tracking and SOP documentation. Works confidently in Google Workspace and Excel, with supporting skills in HTML/CSS, Canva and basic website support. Brings a systems-oriented approach: documented, repeatable workflows that keep information organized and work moving.
